

Does Your Bible Not Match Your Own Personal Doctrine? By The RAMYK Moon 4 Day 25 5971

Since most of you have tragically been taught disciplined and even socialized by the Eurocentric western anti Hebraic church, you find yourself in a very strange and even in an uncomfortable position. What do I mean?

Most of you have been taught by blind guides (religious and state) that plural marriage, or polygyny, where a righteous man of faith is married to more than one wife of faith, is either in sin, or a vice that YHWH tolerated in the past, but does not tolerate anymore.

That leaves you with some serious issues when it comes to accepting your Scriptures-Bible as the inspired, infallible and blessed Word of YHWH. The fact remains, that many of the authors of Scripture had more than one wife, including many of the HEROES in the famous Hebrews chapter 11 Hall of Fame of faith. Let's leave out those heroes for a moment and focus in on only the writers-authors of the Scriptures. **If what you have been taught is correct, that plural marriage is lustful, sinful, adultery, or at the very best a sinful allowance, or accommodation, for a time, to and for sin, by a holy Elohim, then your'e left without an inspired Bible. Or with a Bible that is tarnished by past allowances for sin.** Your "Focus on the Family" has been perverted by false understandings and you have no choice but to be consistent by admitting that if polygyny is sinful, or a sinful past allowance in the Old Testament, then you are left with a Bible written in part by unrepentant sinners, and worse than that, by sinners that YHWH allowed, or used to write His very own Word. Following this faulty logic, which many of you have so foolishly adopted without questions, your Bible is a sinful book and cannot be considered righteous, or set apart, as many of its main authors were by your own flawed definition, lustful, unfaithful to their first wives, or plain out sinners, even after having had an experience with YHWH.

Here then is a list of books that were written by "alleged UNREPENTANT sinners," who continued to sin AFTER their salvation, or their experience of coming to know the Father intimately. If the truth be told, and it is, most of these eternal prophets would be removed from your church, your organization, or personal company!

Unless you change your own foolish sinful religious non-Scriptural views, these are the books you will have to remove from your Bible immediately to clean things up, leaving you without a Bible and without the full counsel of YHWH. Ready?

- First Five books-Torah- Author Moses, TWO WIVES-Numbers 12:12 and the Ethiopian.
 - Job-The Oldest book 42:10.
 - Judges-Written by Samuel son of a polygynous father Elkanah, 1 Sam. 1:2.
 - First and Second Samuel-Written by Samuel son of a polygynous father Elkanah, 1 Sam. 1:2.
 - First and Second Kings-Written by Samuel son of a polygynous father Elkanah, 1 Sam. 1:2.
 - First and Second Chronicles-Written by Ezra 1st Chronicles 4:18-19. Two Jewish wives Yehudiyah and Hadiyah.
 - Psalms-Written by David, husband of many wives 1st Samuel 18:27.
 - Proverbs-Written by Solomon 1st Kings 11:3. Many wives.
 - Song of Songs- Written by Solomon. Many wives.
 - Ecclesiastes- Written by Solomon. Many wives.
 - Hosea-Gomer and another adulteress 1:3, 3:1-2.
 - Boaz 2:8, 2:23-Added Ruth to his set apart wives.
 - Justin Martyr admitted that many Messianics [no doubt leaders also] had many wives.
- "Your imprudent and blind masters [i.e., Jewish teachers-rabbis] even until this time permit each man to have four or five wives. And if anyone sees a beautiful woman and desires to have her, they quote the doings of Jacob." (Dialogue with Trypho, Chapter 134).**

Therefore it is very safe to assume that some of these apostles with more than one wife wrote parts of the New Testament. **Notwithstanding that however, just removing all the books from the first half of the Bible, leave us with NO BIBLE at all.** So if you who vehemently oppose YHWH's revealed ways, insisting on your theology over His own Words, then you need a new Bible. That is because you're left with no Bible and that would end your claim to Sola Scriptura! Consider writing your own Bible, as that's in essence what you have already done by disagreeing with YHWH! 2nd Peter 1:20! Selah!
